High Level Goals:

- Allow users to join music rooms with other users
- Successfully share and listen to music in a music room

User Stories:

- **Sprint 1**
 - 3: As a user, I need a homepage so I can have all my features centralized
 - 3: As a user, I need a settings page to edit my account information
 - 0: As a user, I need a login page so I can protect my account
 - 2: As a user, I want to have an account so I can save preferences and friends
 - 5: As the developer, I want to link the web app to a server for online access
- **Sprint 2**
 - 5: As a user I want a chat interface so I can talk to other people in the room
 - 5: As a user, I want to be able to make a chat room with my friends
 - 3: As a user, I want to be able to collaboratively make a playlist with the other users in the chat room, so that we can all easily share music
 - 3: As a user, I want to be able to view other user's profile, so I can invite them into the chat room if I like their music
- **Sprint 3**
 - 8: As a user, I want to be able to search music within the website so I can easily pick songs to play
 - 5: As a user, I want to be able to listen to music in the browser so that I can easily listen to and share songs
 - 5: As a user, I want to view several chat rooms at the same time, but have only one song playing, so I won't miss out on new additions
 - 5: As a user, I want to see the most popular songs that are playing right now / most popular chat room on the homepage
 - 8: As a user, I want to earn points for sharing songs and receiving thumbs up on the song choice, in order to keep me engaged
 - 13: As a user, I want to be able to connect my account to social media so I can share it with others

Product backlog: A listing of all high level goals and user stories that were discussed in the release planning meeting, but which did not make it into the release.

- As a top artist/producer, I want to have a 'pro' account to share my music with users but to be the only permitted collaborator in the music room
